GOAL 2

Achieve financial resilience and independence so we can develop new funds and target them to existing and future needs.

GOAL 3

Grow endowment and flow through funding to distribute £2-3M annually from a range of funding sources to reduce reliance on one type of funder

GOAL 4

Raise awareness of our work and the difference we make, through clear messaging, powerful stories, and regular promotion via social media, local news and engagement

Transformative funding empowers resilient communities enabling people to live healthier, fulfilling lives
